Quality leads to success

Mohn media has a long tradition producing high quality because we know our customers expect quality and efficiency from us. As providers of printed products, the satisfaction of our customers is our top priority. This is why it is our dedicated mission to mature the high quality of our print products and services on a continual basis.

We have set ourselves clearly defined quality standards; these are all integrated in our procedures and work processes, allowing us to guarantee and monitor our high standards at all times. Permanent quality control and internal audits at regular intervals are just as important for us as the comprehensive training and continual further training of our staff.

An additional tool adding to the continual process of improvement is regular external monitoring and evaluation according to DIN ISO 9001:2000.
