Mohn media lets tecnolight® shine

As a long standing customer of Mohn media tecnolight® knows the advantages of the comprehensive print services and the high-quality made in Gütersloh. The producer of lighting systems receives all services from pre-press to finishing from a single source. Recently tecnolight® also entrusted us with the redesign of its catalogue.

The result: a modern hardcover catalogue that is highly convincing due to its structured and elegant design.

Additionally tecnolight® benefits from the time and cost benefits that full-service production provides.

I m very excited about the new look of our catalogue. It was absolutely the right decision to entrust Mohn media with the entire catalogue production. says the Sales Director of tecnolight®.

If you are interested in giving your catalogue a new design or

any of our other innovative print services our print specialists
look forward to advise you.
